pina

by Sebastian Herkner
TABLES

Sebastian Herkner's distinctively tall, skinny side table series pina is inspired by the abstract turns and twists of the famous Pina Bausch dance theatre. The basic figurine with base, rod and top shines in different combinations of aqua blue, transparent, green and light grey.

PRODUCT CHARACTERISTICS

Each piece is created from transparent or coloured cast glass. Bubbles, streaks and other variations in size and colour are part of the production process, and not defects of the design or production.

CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life.
Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.
METAL CLEANING [steel powder coated and brass]

For dust and light cleaning of the base, use a soft and dry cloth. For the best maintenance of the product, care for it regularly, protect it against direct sunlight and heat, and try to keep it away from moisture, grease, and other dirt. Furthermore, protect the surfaces against sharp objects and other that might scratch.

GLASS CLEANING

For dust and light cleaning of glass, use a soft and dry cloth. For further cleaning, gently wipe the surface with a soft cloth wrung in clean water and mild, non-abrasive commercial glass cleaner. Dry immediately afterwards with a soft, dry and clean cloth. For the best maintenance of the product, care for it regularly and try to keep it away from grease and other dirt. Furthermore, protect the surfaces against sharp objects and other materials that might cause any scratches. Please note that each glass is unique. Bubbles and streaks, as well as minor variations in colour and size, are characteristic of handmade glass and are not flaws of design or manufacture.

INSTALLATION OF THE TABLE

1. Place the base on the desired position in the room.
2. Place the bigger plastic ring around the base.
3. Adjust the foot on the base.
4. Place the smaller plastic ring around the base and on top of the foot.
5. Place the base cover around the base.
6. Screw the top on the base.
