HASHIRA LINEAR PENDANT LAMP

Designed by *Norm Architects*

Designed to bring serenity and sophistication to a space, ideal over a dining table or desk, the Hashira Linear Pendant Lamp redefines the popular lighting collection with its horizontal form, delivering ambient lighting in a minimalist aesthetic. The streamlined lamp appears to float on air, suspended from the ceiling by wires and its raw linen shade held in place by magnets, eliminating the need for bulky screws. The dimmable, replaceable LED light source emits a warm glow, bright enough for tasks yet subtle enough to add ambience.
