

Cestita Batería

Miguel Milá. 2017
Table Lamps

Cestita Batería is the new member of the Cesta family: a portable, cordless version. As with all of Milá's objects, this version champions industrial craftsmanship, by combining functionalism and the legacy of local artisan creation. With this new version, the lamp's features are enhanced with the help of technology. Keeping with the family's warmth and spirit, it features an opal glass shade supported by a beautiful cherry wooden structure. It is produced and assembled manually by European craftsmen, using traditional, steam bending techniques for the wood, and glassblowing techniques for its opal shade. Cestita Batería is a lantern that creates a beautiful ambience anywhere; depicting Chinese shadows in the garden, or emanating light from any corner.

The lamp aligns with the spirit of TRAMO the company Milá founded to produce his own work: simple and essential objects of all kinds, that make a house feel like a home.
