# KUBUS 1

Designed by *Mogens Lassen*

With a sharp sense of contemporary Functionalist style, Mogens Lassen designed the iconic Kubus candleholder in 1962, a piece once reserved solely for family and close architect colleagues. The Kubus is still crafted in Denmark, and among architects and design connoisseurs it has achieved the status of a modern international design icon. The story about Kubus 1: Architect Mogens Lassen was commissioned to design the interior for a restaurant in North Zealand, Denmark, and it was within the context of this assignment that the Kubus 1 was born. The square-shaped Kubus 1 gathered people around the table just as Mogens intended, and its characteristic shape and simple light created an atmosphere of coziness throughout the entire restaurant. The Kubus 1 still decorates tables in the very same restaurant, because good design lives on for generations.
