

INGO MAURER

Koyoo
AXEL SCHMID 2018

Koyoo is a small, portable light object. Only held by a wire spring a bright circle hovers over a black, narrow foot. The light source is integrated in the foot. The LED illuminates the circle perfectly. Used on a table, the light source is below eye level and thus makes a very pleasant, relaxing light for beautiful moments.

Light source

LED max. 240 lm, 3000 K, CRI >90, 2,2 watts

Technical data

With 3000 mAh LiPo battery, USB Type C cable and charging device.

More info

With three paper circles in various colours
