Description:

Your cat is part of the family, and integrating your feline's living space into your own has never been easier or more stylish. Designed exclusively for MiaCara by Danish design studio Hans Thyge & Co, the Tavolino side table is a cat bed in disguise.

The wooden tabletop is the perfect place for your coffee, books and magazines, while the cat bed at the bottom is crafted from soft felt to create a comfortable hideaway for your cat.

The cat basket is moulded from felt fibres which are mostly made from recycled PET bottles, making this a sustainable and environment-friendly piece of feline furniture. Despite its soft and textural feel, the basket holds its shape and also works beautifully with the MiaCara Unica Cat Blanket or the Lana Cat Blanket and Cushion.

Tavolino is available in four muted colors to fit any interior décor.
