

# Linear Steel Coffee Table

“The Linear Steel Series was designed from the idea of presenting durable materials in a sophisticated and understated expression for outdoor use with its form language inspired by the notion of meetings—the meetings of lines, the meetings of shapes and the meetings of materials. The design is defined by its straight lines for a contemporary yet timeless aesthetic through the details of its folded edges, half-circular intersecting legs and small spacing for easy outflow of water. It is through these subtle elements that the Linear Steel Series translates the values of elegance, longevity and functionality into modern outdoor furniture.”

— Thomas Bentzen

<b>Designed by</b>	Thomas Bentzen
<b>About the designer</b>	Thomas Bentzen, former Head of Design at Muuto, started his own studio in 2010. Bentzen’s designs are characterized by simplicity, rationality and functionality — always firmly rooted in the Danish design tradition, material knowledge, craftsmanship and rational industrial manufacturing processes. His work continues to receive international recognition at fairs and exhibitions all over the world.
<b>Environment</b>	Outdoor
<b>Country of Production</b>	Italy
<b>Preassembled</b>	No - Mount legs to tabletop.
<b>Description</b>	The Linear Steel Coffee Table is characterized by its clean lines and elegant shapes, allowing for it to complement any outdoor setting. Use the design on its own or in company with the Linear Steel Armchair, Lounge or Side Chair.
<b>Material</b>	The tabletop and base are made from galvanized steel with a weather-resistant deep matt, UV-resistant powder-coated finish, making the table suitable for outdoor use. Plastic glides for outdoor use.
<b>Cleaning &amp; Care</b>	When cared for properly, the Linear Steel Series is designed to last. Follow these simple rules to care for your design in the best possible way. Clean the table with a damp cloth after use. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterward. To minimize the risk of stains and marks, liquids, grease, etc., should be removed immediately. Lacquered surfaces can get scratches and chips if hit by other hard objects. Please wipe away any sand grains from the table before use to prevent scratches. Be careful around the design when handling other hard objects, such as tableware and porcelain. Never stack tables on top of each other, as hitting the surfaces against each other will cause lacquer to chip and scratch.
