**INTRODUCING EX, A SLEEK NEW
ALUMINUM OUTDOOR TABLE &
BENCH DUO**

Normann Copenhagen proudly presents Ex, the latest addition to its expanding outdoor furniture collection. Designed by Danish designer Simon Legald, Ex Table and Bench combine functionality and durability with a contemporary yet timeless silhouette, offering an outdoor design that remains relevant for years to come. With its clean lines and subtle detailing, the Ex series allows the material, extruded aluminum, to take center stage, lending the series its name.

COLLECTION OVERVIEW

Ex Bench
H: 45 x W: 173 x D: 42 cm

Ex Table
H: 75 x W: 89 x L: 200 cm

PRODUCT FACTS

Description

Ex Table and Bench is crafted from extruded aluminum profiles. Aluminum's unique ability to be both durable and lightweight at the same time makes it a supreme material for outdoor furniture, while its natural resistance to corrosion and decay allows it to withstand weather conditions while retaining its beauty. Featuring a sleek construction with a tabletop or seat of aluminum profiles placed with a slight gap between each other and supported by four slightly angled legs, Ex effortlessly combines form and function.

Designer / Year Of Design

Simon Legald / 2024

Material

Anodized aluminum

Construction

The table and bench are made of extruded aluminum profiles placed with a small gap between them. The surface has been treated with anodization, making the table and bench suitable for indoor and outdoor use. Ex comes flat-packed and is easily assembled.

Maintenance

Clean with damp cloth.
